We will advise you if the increase to us is substantial enough to require a raise of the flat rate pricing.</i> <i>Rates are based on length of boat, NOT running length of material used. As a result, our flat rate may appear higher than other yards that charge by running length of material used, but a flat rate more accurately shows what your will be charged.</i> <i>Jersey Shore Marine Group LLC (JSMG) guarantees that the shrink-wrap remains intact and functional for a period of 6 months from job completion date under normal weather conditions. If damage occurs, JSMG will repair or replace the shrink wrap at their discretion.
